

ACCORDION

1 DAY COURSE: Monday 28th 2014

10am – 4pm

FEE: £50

including lunch and refreshments

TUTOR: BERT SANTILLY

Aims of the day

To give confidence and enjoyment in playing the accordion through the practical exploration and study of a contrasting group of pieces. We will look at style, technique, expression, articulation, bellows control and interpretation.

Requirements

Students will need to have a minimum playing level of BCA or Trinity Hall Grade 3 or have an equivalent level of playing experience. We will be working from music which you will receive before the course - the music score will be emailed to you as well as an mp3 file for your own use - so you will need to be able to read music but you will not need to have a high level of sight-reading skill as you will have enough time to get to know the pieces before the day.

What to Bring

Music Stand
Your copies of the music.
Your Accordion!

N.B.

I teach and play piano accordion with Stradella bass system only; but if you play chromatic B or C system or free bass you will still be very welcome to join us.

If you would like to bring your own recording device you are welcome to record the session.
